## **PRESS RELEASE**

### **FOR IMMEDIATE RELEASE**

#### **CUERVO RESOURCES INC. ANNOUNCES PLANNED EXPLORATION**

July 12, 2007 – Toronto, ON

Cuervo Resources Inc. (CNQ:IRON, FWB:CRR, “Cuervo” or the “Company”) is pleased to announce that the Company’s Category “C” Environmental Assessment has been accepted by the Ministerio de Energía y Minas del Perú. The Assessment covers areas of proposed exploration work on its Cerro Ccopane iron ore prospect, located 65 km south of Cuzco, Perú.

The Company will now coordinate the immediate mobilization and commencement of a program of diamond drilling on the property. This program will target areas of known mineralization on surface and geophysical anomalies identified by recently completed magnetic and gravimetric surveys. Cuervo anticipates carrying out approximately 4,000 m of drilling in the coming months.

Cuervo is focused on the exploration for iron ore in Perú and currently holds a 100% interest in over 7,000 ha of prospective mineral exploration lands in that country through its wholly owned subsidiary, Minera Cuervo S.A.C.

As of June 30, 2007, the Company has 21,151,000 shares outstanding (33,566,000 fully diluted).

For further information, please contact Mr. John M. Siriunas, P. Eng., a director and President of the Company at 416-203-3957 x4700. Additional information about Cuervo can be found at the Company’s website at [www.cuervoresources.com](http://www.cuervoresources.com).
